100 CHILDREN IN THE GAMBIA CONFIRMED TO BENEFIT FROM AYA FUND A CHILD'S EDUCATION PROJECTS

In Africa many underprivileged children are dropping out of school due to the cost associated in paying for their education and buying learning materials. Low standard of education has contributed; to the inability to read and write. Low literacy rate has made many parents unemployed which in turn leads to their children not having the best living conditions and education required to earn a better living.

You can become a sponsor for a child for \$15 a month.

Dr. Sidat Yaffa

DEAN, SCHOOL OF AGRICULTURE & ENVIRONMENTAL SCIENCES, UNIVERSITY OF THE GAMBIA, WASCAL DIRECTOR OF DOCTORAL RESEARCH PROGRAM ON CLIMATE CHANGE PROFESSOR OF AGRONOMY.

Dr. Sidat Yaffa Becomes the first Education Ambassador of AYA.

With an annual donation of 1000 USD to support AYA efforts to enrich the quality of Education in Africa and to provide needful learning resources to support underprivileged children.

Our aim is to improve access to quality education for a child financially till he/ she completes college or vocational education and is able to support him/herself.

AYA EDUCATION AMBASSADORS NETWORK

AYA Education Ambassadors network is made up of educators and entrepreneurs throughout the world who promote the value of education in Africa, who are aware of the educational needs in Africa, and who have the enthusiasm to sponsor the cost of education or total living expense for one underprivileged child in Africa.

Some tasks that the Ambassador can perform include:

- suggesting and creating new ideas to make the process of delivering quality education to every African child easier;
- addressing and guiding AYA to ensure they reach as many underprivileged children as possible;
- motivating other resourceful individuals to participate in AYA Fund a Child Education Project.
